

# Anywhere with You

The Saturdays

Saturday, should be lying with you on the couch  
Watching movies, then some dinner, then we're going out  
But instead I'm sitting in this hotel room alone, alone, alone

I wonder do you see the stars the same way I see them  
Breathe right now the same way I'm breathing  
My heart is with you can you feel it from across the world  
The world, the world  
You know that

This day feels like it's never gonna end  
So sick of these dreams that I been walking in  
All I wanna do is be anywhere with you right now, woahhh  
Take me sky high we're jumping on a plane  
Don't care where we land, to me it's all the same  
All I wanna do is be anywhere with you right now, woahhh

Four o'clock in the morning  
Damn, I can't sleep  
You're running through my mind, can you feel it on your feet  
My wake up call is coming in a few more hours  
I wish it was your voice

I wonder does the sun still shine the same way when I'm gone  
And when the rain falls just know that it won't be long  
Until I'm with you but I wish that I could kiss you right now  
Right now, right now,  
You know that

This day feels like it's never gonna end  
So sick of these dreams that I been walking in  
All I wanna do is be anywhere with you right now, woahhh  
Take me sky high we're jumping on a plane  
Don't care where we land, to me it's all the same  
All I wanna do is be anywhere with you right now, woahhh

Take that road they can't stop me  
From getting to my girl even if they shot me  
Even if the world came crashing down  
You'd be the only one that I'd have around  
I need those lips I can't forget you  
Never gotta worry I will protect you  
That's my word and I can't break that  
And you just can't fake that, you know that

This day feels like it's never gonna end  
So sick of these dreams that I been walking in  
All I wanna do is be anywhere with you right now, woahhh  
Take me sky high we're jumping on a plane  
Don't care where we land, to me it's all the same  
All I wanna do is be anywhere with you right now, woahhh  
All I wanna do is be anywhere with you right now  
All I wanna do is be anywhere with you right now
