

# Keep Her

The Saturdays

You told me I'm so special  
And I'm the only one you'll  
Ever be with and you tell me you'll  
Never hurt me and you won't leave  
You bought me bags and flowers  
So sure that I don't know what  
Everything you got going on  
Never think that I might be onto you

Boy you got me wrong  
Cos you are not that strong  
Shut up and read my lips  
Cos boy you make me sick  
And I know what you do  
I've had enough you can keep her  
Just keep her yeah  
Cos I don't want you

I've seen what you've been up to  
I must say I'm surprised you  
Ever thought you could fool me babes  
Clever ladies don't play this game  
You think that you out smart me  
You think I'm not aware she  
Never calls you when I'm at home  
Ever call you the next time you're alone

Boy you got me wrong  
Cos you are not that strong  
Shut up and read my lips  
Cos boy you make me sick  
And I know what you do  
I've had enough you can keep her  
Just keep her yeah  
Cos I don't want you

Cos I don't want you  
See I don't need you  
She can have you  
Cos I don't want to

You told me I'm so special  
And I'm the only one you'll  
Ever be with and you tell me you'll  
Never hurt me and you won't leave me no

Boy you got me wrong  
Cos you are not that strong  
Shut up and read my lips  
Cos boy you make me sick  
And I know what you do  
I've had enough you can keep her  
Just keep her yeah  
Cos I don't want you

Boy you got me wrong  
Cos you are not that strong

Shut up and read my lips  
Cos boy you make me sick  
And I know what you do  
I've had enough you can keep her  
Just keep her yeah  
Cos I don't want you
