

# Lose Control

The Saturdays

Oooo-Oooo

Fashion fashion fashion fashion

I always use to be the shy girl

Not a hot girl

And not your type girl

I never cared about the cool clothes

About the right shoes

Making the right moves

Who's that hot boy?

Who's that boy?

When he looks at me i'm beautiful

Who's that hot boy?

Who's that boy?

I should be the face of every fashion magazine

Ohh!

Oooo-Oooo

I'm gonna feel that feeling

Gonna loose control

Oooo-Oooo

Theres a fire going on in my heart and soul

Never before i met you babey

Never before tonight

But your making me believe it's right

Oooo-Oooo

I'm gonna feel that feeling

Gonna loose control tonight

I'm not use to being first pick

Not the cool chick

From the in clique

I have always gone my own way

Been my own girl

In my own world

Who's that hot boy?

Who's that boy?

When he looks at me i'm beautiful!

Oooo-Oooo

I'm gonna feel that feeling

Gonna loose control

Oooo-Oooo

Theres a fire going on in my heart and soul

Never before i met you babey

Never before tonight

But your making me believe it's right

Oooo-Oooo

I'm gonna feel that feeling

Gonna loose control tonight

Uh Uh Uh Uh

Is the night

Uh Uh Uh Uh

The past behind me  
Tonight
