

# What Am I Gonna Do

The Saturdays

I got my eyes locked over there  
On my new obsession  
Like a vibrance in my head  
Stealing my attention

Before the moment I can't go over  
It's gonna test my patience  
Insane, I can't control it  
What am I gonna do?

Should I wait my turn or take a chance on you  
(Crazy) What am I gonna do?  
'Cause it's late at night and there ain't no time to lose  
(So crazy) What am I gonna do?

Dirty sounds across the lights  
Tryin' to build this tension  
Putting thoughts into his mind  
Looking my direction

Feeling good, I know I should  
Don't wanna wait forever  
Insane, I can't resist it  
What am I gonna do?

I just can't take no more  
My dirty secrets knocking at the door  
And if I leave, I'll never go, yeah  
Is it so bad to lose control?

[Chorus]
