

# Broke My Heart

The Saw Doctors

Roscommon CBS 1981  
A dreary afternoon  
We travelled down from Tuam  
I saw that open goal  
I can see it still  
Fifty-fifty ball  
You nearly got me killed

You broke my heart  
Tore it apart  
We lost that spark  
When you broke my heart

We might have won the game  
But I just didn't care  
You went and let it go  
Just like I wasn't there  
I saw you commin' in  
I wasn't marked at all  
I had it in the net  
If you had passed the ball

chorus

I was standing on the edge  
Of the parallelogram  
Roarin' me head off  
Pass it in sham  
Play it in low  
Don't hesitate or stall  
Will you open your eyes  
For Christ' sake  
Pass me the ball

chorus

Their full-back was big  
But I was small and fast  
I had him left for dead  
If I had got that pass  
A girl can foul you up  
Tear your life apart  
There's more than just one way  
To break a young mans heart  
And you broke mine
