

My Heart Is Livin' In The 60's Still

The Saw Doctors

I was smokin joints, poppin pills
and now I'm feelin ill
oh, me heart is livin in, the 60's still

lyrics:

I took off my clothes, in the odeon
just to watch the woodstock film
oh, me heart is livin in the 60's still

J.F.K was getting, shot down
when joe kelly married phil
oh, me heart is livin in the 60's still

bob dylan says, times r' changing
but I know they never will
oh, me heart is livin in the 60's still

when Johnnie donnellan, held the sam mcguire
I was standing on the hill
oh, me heart is livin in the 60's still

when the beatles, says "she loves you"
it's your biggest teenage thrill
oh, me heart is livin in the 60's still
