

Good

The Scabs

The sun's shinning
And the skies are gray
But I still know it's shinning
Out there anyway

And I'm lightning
Crashing through the sky
I got my feet on the ground
And I feel so high

And it's gonna be alright
Yeah it's good good good good good

And I'm happy
And I feel so blue
Cause I know in my heart
I'm still in love with you

And I'm crazy
That's what you might say
And I don't give a damn
About that anyway

Cause it's gonna be alright
Yeah it's good good good good good

One minute you're crying
And you're so upset
Just give it some time
And you'll soon forget

And you'll be laughing
Before too long
Just stay true to your self
You can never go wrong

And it's gonna be alright
Yeah it's good good good good good

It's gonna get better
Baby you'll see
Ain't no need to take life
So seriously

It's temporary
So let's have some fun
Open up your heart baby
Let in the sun

And it's gonna be alright
Yeah it's good good good good good

See'mon baby
See'mon and dance with me
See'mon and let down your hair
Set yourself free

Leave all your worry's
Honey at my door
Cause you won't need them
Anymore

Yeah it's gonna be alright
Yeah it's good good good good good
