

Hello Lonesome

The Scabs

People say there's a cure for feeling lonely
People say all is fair in love and war
Some tender passionate love
Is really what you've been thinking of
A secret love affair
Let's see if you dare
I grew tired of all this waiting
Tired of playing solitaire
Hello lonesome
Hello there
Hello lonesome
Ain't we a pair
People say getting caught is worse than dying
Don't you know that I wouldn't even care
Been thinking 'bout it a lot
I really think I deserve a shot
Luck is the loser's revenge
Let's go ahead
I grew tired of all this waiting
Tired of playing solitaire
Hello lonesome
Hello there
Hello lonesome
Ain't we a pair
