

It's A Promise, Like A Song

The Scene Aesthetic

I don't know if I'm strong enough to turn away, if I'm strong enough to fight you off, if I'm man enough to turn you down. I'm having trouble with the way you took my soul and turned it inside out.

You took my love.

But you can have it now because I'm ready to give in.

I think about you all the time.

I lay around and I just wonder why you live so far and why you can't be mine.

But I'm ready to give in.

By the way you say I miss you, I know that you can't understand, appreciate what I give to you.

I just hope you comprehend.

Because believe it or not, we are made for one another if you only saw the truth.

We are; it's true.

I'm so sure by the time you hear this I'll have changed.

By the time you hear this I'll be gone.

By the way, I miss you more and more.

It's hard enough for me to say that you're the only one my heart can trust.

You're the only one to cause this lust, but I'm not gonna give up.

I know you try and play it cool, but there are some things you just can't hide and over time your heart will be your guide.

I said I'm not gonna give up.
