# This Is A Suitable Valedictory

**The Scene Aesthetic**

We'd like to say it's over
We'd like just to forget
All of the words we've never said
And all the actions we regret

We'd like to send the message
To each and every friend
And thank them all for their support
Wouldn't have made it without them

We feel the time is coming
And we're trying to pretend
Like we're prepared, we're not prepared
But if it's destined we are in

Now listen very closely
And try not to be scared
Because were in this thing together
And together we won't fail

I cant describe to you quite everything
Just know that we are here for anything

Dear friend! Thanks for the best years of my life, I mean that
You have been there for every step of the way and I'm
So happy to have found someone like you
'Cause without you I don't know what I would do

When times are hard, when things go bad
Regardless, I am here

When your whole world is crumbling
I promise to stay near

We bring a balance into each other's lives
We seek a challenge and hope not to collide

I cant describe to you quite everything
Just know that we are here for anything

Dear friend! Thanks for the best years of my life, I mean that
You have been there for every step of the way and I'm
So happy to have found someone like you
'Cause without you I don't know what I would do

Dear friend! Thanks for the best years of my life, I mean that
Dear friend! Thanks for the best years of my life
Dear friend! Thanks for the best years of my life, I mean that
Dear friend! Thanks for the best years of my life

Now looking back I can't regret the things I've done
Just realize how happy you've made me become

Dear friend! Thanks for the best years of my life, I mean that
You have been there for every step of the way and I'm
So happy to have found someone like you
Cause without you I don't know what I would do

Dear friend! Thanks for the best years of my life, I mean that
You have been there for every step of the way and I'm
So happy to have found someone like you
'Cause without you I don't know what I would do

Dear friend! Thanks for the best years of my life, I mean that
You have been there for every step of the way and I'm
So happy to have found someone like you
'Cause without you I don't know what I would do
