

Everytime

The Screaming Jets

I have some indication of what's wrong and right
A certain feeling - an insight
But sometimes I think I'm alone
And I don't have the friend I need
My mind don't stand still - It's out running free
Don't hold it back thats not how it should be
I think I'm alone
I don't have the friend I need
When something gets a hold of me
It's only then that I open my eyes
And I can start to see
Everytime that things go wrong
I always seem to be alone
I might be as crazy as you say I am
For you information I've been feeling alright
I might sleep everyday, but I work all night
I don't want to belong to anybody else's creed
I was feeling so low but it's come to an end
I'm just trying to get it all together again
I don't want to belong to anybody else's creed
When something gets a hold of me
It's only then I open my eyes
And I can start to see
Everytime that things go wrong
I always seem to be alone
I might be as crazy as you say I am
My Messiah, you always knew that I'd turn out this way
My Messiah, you always knew that I'd be here today.
