Living In England

The Screaming Jets

I didn't want to be so superstitious I didn't want to say that I was wrong But does New Orleans have voodoo Does cocaine make you chew Are you acting like I wanted you to do Living in England I don't have to act like I'm having fun Sitting here in the sun In England In the jazz land I kept flashing to Angel Heart In the heat you'll watch the fans go round and round and round In that heart pumping south It knocks my head about Are you acting like I wanted you to do Living in England I don't have to act like I'm having fun Sitting here in the sun In England When I'm out and dreaming When I'm on my own When I'm out and dreaming Living in England I don't have to act like I'm having fun Sitting here in the sun In England
