

# Deliverance

## The Script

Is it getting better? Is it getting worse?  
Oh, you can't ever know of these words if it don't hurt  
Am I falling forward? Am I in reverse?  
Oh, you can't ever know when it turn when the light's blurred

Mmh, and I need  
I remember that taste with your hands on my face  
So leave  
You show me the way

All my life I looked for deliverance  
And all my nights I pray for forgiveness  
All my love just for deliverance  
And heaven knows you right  
Be the one, be the one, be the one to deliver it  
And heaven knows you right  
Be the one, be the one, be the one, my deliverance

I can wait forever, I could wait a day  
Know you won't ever get what you want if you don't say, say, say

Please, what if I self-destruct  
Will the world fall to dust? (Yeah)  
Release, I only need one touch

All my life I looked for deliverance  
And all my nights I pray for forgiveness  
All my love just for deliverance  
And heaven knows you right  
Be the one, be the one, be the one to deliver it  
And heaven knows you right  
Be the one, be the one, be the one, my deliverance

Be the one, be the one, be the one, be the one  
Be the one, be the one, be the one, be the one  
Be the one, be the one, be the one, my deliverance  
And it will release  
Be the one, be the one, be the one, be the one  
Be the one, be the one, be the one, be the one  
Be the one, be the one, be the one, my deliverance  
Release  
Could you be the one?  
All my life I looked for deliverance

And all my life I looked for deliverance  
And all my nights I pray for forgiveness  
All my love just for deliverance  
And heaven knows you right  
Be the one, be the one, be the one to deliver it  
And heaven knows you right  
Be the one, be the one, be the one, my deliverance
