

# Walk Away

## The Script

I don't know why she's with me  
I only brought her trouble since the day she met me  
If I was her by now I would have left me  
I would have walked away but now I've broken away  
Somehow instead she forgave me  
She said a woman's got to do what she's got to do  
Even if it means she denied herself the truth  
Cause when you're in too deep you wake up when it's too late,  
You've fallen in love in the worst way  
And if you don't go now then you'll stay  
Cause I'll never let you leave, never let you breathe  
Cause if you're looking for heaven, baby it sure as hell ain't me

Yo (so walk away)  
So if you walk, then I suggest you walk  
Why are we up this hour knockin pictures off the wall?  
Tell me what does that resolve  
I guess it's my fault  
The truth is never easy when you gotta get it off  
And girl I'm so exhausted  
Yes, all this makes me nauseous  
This is just the way that I am, you cannot alter it  
I'm sorry that I couldn't be your fantasy  
If this ain't what you want then you should leave

But still she stays (walk away, walk away)  
But still she stays

She's standing in the heart of darkness  
Saying I know you got a soul even though you're heartless  
How could any woman in their right mind be so blind,  
To find something this safe  
Instead of walking with me she should have walk away  
She finds color in the darkest places  
She finds beauty in the saddest of faces  
For such a groovy and headstrong city girl  
Could've had the world but she's fallen in love in the worst way  
And if you don't go now then you'll stay  
Cause I'll never let you leave, never let you breathe  
Cause if you're looking for heaven, baby it sure as hell ain't me

(So walk away)  
As I fall, a thousand miles an hour  
Downward, now that you're gone  
I guess it's true, words have power  
I guess what I said left a taste so sour  
In your mouth ya wanted me to see what life's like without ya  
So I lay awake, watchin' DVDs  
Season 1, season 2, even season 3  
I'm sorry that I couldn't be inside your fantasy  
But if this ain't what you want then you should leave

But still she stays (walk away, walk away)  
But still she stays (walk away, walk away)

I don't know why she's with me  
I only brought her trouble since the day she met me

If I was her, by now, I woulda left me  
I woulda walked away  
But you've fallen in love in the worst way  
And if you don't go now, then you'll stay  
Cause I'll never let you leave  
Never let you breathe  
'Cause if you're looking for heaven baby it sure as hell ain't me  
So walk away

So if you walk, then I suggest you walk  
So if you walk, then I suggest you walk  
And girl I'm so exhausted  
Yes all this makes me nauseous  
This is just the way that I am, you cannot alter it

But still she stays (walk away, walk away)  
But still she stays (walk away, walk away)  
So if you walk, then I suggest you walk  
Walk awayyy (walk away)  
I see you walk away (walk away, walk away)  
But still she stays
