

The Boy In The Picture

The Seahorses

I asked the boy in the picture
What could he see?
He said, it's been twenty long years
But you, you still look like me

If you find somebody that you need
Go ahead and tell her, show her what you mean
And soon you'll find that love is blind and free

If you see Sally or Smokey, say hello from me
Tell them I hope they're happy
Working the beach, just out of reach but free

I asked the boy in the picture
How's your brother been?
He said he's doing just fine, now
But he's still a little too thin

If you find somebody that you need
Go ahead and tell her, show her what you mean
And soon you'll find that love is blind and free

If you see Sally or Smokey, say hello from me
Tell them I hope they're happy
Working the beach, just out of reach but free

And then the boy in the picture
He asked me
Got any tips where do I go wrong
And who am I gonna to be?
