This Empty Place

The Searchers

There's an empty place beside me
When I'm walking down the street
That's the place where you used to walk
The place where you held my hand

Now I reach and all I touch is this
They're such bad souvenirs
Of a love that once was, so very great
The greatest love, reaching all the way to the stats above

But now, there's not a star left in the sky And if you don't come back to me I'll die Only your embrace can fill this empty place

If you don't fill this emptiness I know that I'lll lose my mind Look out and only seeing space An empty, empty place

Ah, sadness and tears, that's all you left me They're such bad, bad souvenirs Of a love that once was, so very great The greatest love, reaching all the way to the stats above

But now, there's not a star left in the sky And if you don't come back to me I'll die Only your embrace can fill this empty place

Come back, come back, come back to me Come back and fill my empty arms I need your loving, darling Your lips are loving, darling Come back, come back, come back to me
