

# All For You

## The Secret Handshake

One!  
Everybody here is  
rooting for you  
Two!  
We all want to see  
how good you're gonna do  
Three!  
Just hold on tight  
and you'll be alright  
Four!  
After you've made it  
we'll go home tonight

One!  
I know that it's  
easy to be nervous  
Two!  
I know that you're  
so, so scared  
Three!  
I know just how hard  
you've practiced  
And baby  
we're almost there

You're gonna do it  
do it  
Alright  
You're gonna make it  
make it  
Tonight  
And even though they said  
You'd never ever make it  
they were wrong

And I believed in you  
before you believed  
in yourself  
(You can do anything you want to)  
And I believed in you  
before you believed in  
anyone, anyone else

One!  
I know that it's  
easy to be nervous  
Two!

so, so scared

do it

Alright  
You're gonna make it  
make it  
Tonight  
And even though they said  
You'd never ever make it  
they were wrong

And I know things  
happen so hard  
for you and me  
But soon they'll be done  
and they will be gone  
And I know things
