The Secret Handshake

All of my friends said that I should just wait a little.
All of my friends said that you weren't the one
And to that I replied, Just worry bout your own life
Because I knew that you were my love.
I met you on a Sunday
And we got married on that Monday
And now life's looking so good.
It's looking so good.

And I wanted you to like me,
But now you just surprise me
And now life's looking so good
It's looking so good

I'm so glad that I found you.
I'm so glad that I found you.
I'm so glad that I found you in the silliest of ways.

And I wanted you to like me,
And now you just surprise me
I'm so glad that I found you.
I'm so glad that I found you.
