### The Secret Handshake

All of my friends said that I should just wait a little.  
All of my friends said that you weren't the one  
And to that I replied, Just worry bout your own life  
Because I knew that you were my love.  
I met you on a Sunday  
And we got married on that Monday  
And now life's looking so good.  
It's looking so good.

And I wanted you to like me,  
But now you just surprise me  
And now life's looking so good  
It's looking so good

I'm so glad that I found you.  
I'm so glad that I found you.  
I'm so glad that I found you in the silliest of ways.

And I wanted you to like me,  
And now you just surprise me  
I'm so glad that I found you.  
I'm so glad that I found you.
