

Make You Mine

The Secret Handshake

It's just because I don't know where I'm goin'
And I don't know where I'm headin'
All I know is I just need one more night
One more night to set things right

Because I don't know where I'm goin'
And I don't know where I'm headin'
All I know is I need one more night
One more night to make things right
with you

Girl, it's the way you move
I wanna make you mine
All the time
In my life
I like the way you
Girl, it's that you groove
I wanna make you mine
All the time
In my life
I wanna see you

You don't even know me
You don't even know me
We're dancin' us so close

You don't even know me
You don't even know me
We're dancin' us so close

It's just because I don't know much about you
But I really really like you
All I know is I just need one more night
One more night to set things right

Because I don't know much about you
But I really really want to
All I know is I just need one more night
yeah

Girl, it's the way you move
I wanna make you mine
All the time
In my life
I like the way you
Girl, it's that you groove
I wanna make you mine
All the time
In my life
I wanna see you

Girl, you will always know that I love you
You ain't never gonna' forget that
Girl, we will always have the one that's not meant to work
And girl, you will always know how much I love you
And girl, you will always know he's not what you want

Girl, it's the way you move
I wanna make you mine
All the time
In my life
I like the way you
Girl, it's that you groove
I wanna make you mine
All the time
In my life
I wanna see you
