

## The Best We Can Do

## The Secret Handshake

I miss you more each time I go  
I'm all alone  
Don't lose hope  
Don't be looking out at them other guys  
Cz they ain't me  
You never met a man like me

Yeah, I know you can't stand it  
Yeah, baby I'm on some other planet  
Yeah, I miss you

Baby I know it seems like I don't care  
Cz I'm out with them  
I'm always here

Them other guys, they're all telling lies  
Don't listen to that  
Don't get caught up in that

Yeah, I know you can't stand it  
Yeah, baby I'm on some other planet  
Yeah, I miss you

And ever since day one we both knew  
That this wasn't going to be real easy  
And ever since day one we didn't know  
That it would get this far  
And now that we're here we're just trying  
To give the best we can give and  
Just don't let yourself drown

Swim, swim  
Don't let yourself drown  
Swim, swim  
Just don't let yourself drown

Yeah, I know you can't stand it  
Yeah, baby I'm on some other planet  
Yeah, I miss you  
Yeah, I know you can't stand it  
Yeah, baby I'm on some other planet  
Yeah, I miss you
