

## Flower Lady And Her Assistant

The Seeds

There she is a 'workin' her yard  
The flower lady and her assistant  
Lilacs and poppies, blood-red flowers  
A 'workin' so hard till the day she dies  
The flower lady and her assistant  
The flower lady and her assistant

A yellow print dress, she outgrows the rest  
CHORUS

A yellow print dress, she outgrows the rest  
Working so hard right back in her yard  
Lost in daydreams, forgotten by time  
The flower lady and her assistant  
She dances through life like a butterfly  
Working so hard till the day she dies  
The flower lady and her assistant

There she is a 'platin' her yard  
The flower lady and her assistant  
Lilacs and poppies, blood-red flowers  
Reaching, touching, touch the sky  
A painted billboard that hides her yard  
The flower lady and her assistant  
The flower lady and her assistant

Just living in uncertainty  
The flower lady and her assistant  
Lilacs and poppies and blood  
Red flowers forgotten and living  
In uncertainty  
The flower lady and her assistant
