

Right Now And Not Later

The Shangri-Las

Listen to me baby and listen real good
You know you're not treating me
As good as you should
Everytime I call you here by my side
You have some excuse and I wanna know why

Right now and not later baby
Right now and not later
'Cause later may be too late
And I gotta know right now
I need a right-now-and-not-later baby
Right-now-and-not-later baby

There's something wrong and it's starting to show
And I don't wanna be the last to know
So if there's someone else standing in our way
Then I think there's something that you oughtta say

Right now and not later baby
Right now and not later
'Cause later may be too late
And I gotta know right now
I need a right-now-and-not-later baby
Right-now-and-not-later baby

If we can't be lovers we can still be friends
'Cause life goes on even though love ends
Boy if you still want romance
Maybe I'll give you just one more chance

Right now and not later baby
Right now and not later
'Cause later may be too late
And I gotta know right now
I need a right-now-and-not-later baby
Right-now-and-not-later baby
Right-now-and-not-later baby (repeat to fade)
