

Nothing All of the Time

The Sheepdogs

Patiently
Live off town
Always on my mind
But I feel nothing all of the time

Getaway from nothing there
Not so hard to find
But I feel nothing all of the time

Well if you feel like running around the lights on honey
She's asking me if it get down, well I don't know
You keep making it up to yourself
Well that's dangerous for your health

From back home there's these tales coming in
I hear some brothers exaggerate a bit
If I keep workin' on, workin' on
I just might find enough of it

At the speed of sound my friends get down
At least they feel something at all

Frantically
Live off town
Always on my mind
But I feel nothing all of the time

Yeah

At the speed of sound my friends get down
At least they feel something at all

Patiently
Live off town
Always on my mind
But I feel nothing all of the time

Get away from nothing there
Not so hard to find
But I feel nothing all of the time

Yeah
