

Warmer Love

The Sheepdogs

It's up to you, it's only love
It's hard to tell what I'm thinking of
Down the street, takes me to you
There we'll meet, you know it's true

Warmer love, warmer love

It's only love, it's up to you
no telling now, the things I will do
Take a ride, us here inside ..
Then you'll see the love there's alright

Warmer love, warmer love
Warmer love, warmer love
Warmer love, warmer love
Warmer love, ahhh yeah, it's only love
