

# You Never Listen

The Sheepdogs

It's up to you  
You play your cool  
You never say it  
Hey you never listen

That's why we play  
That same old song  
You never hear it  
Hey you never listen

I can talk all day  
I got nothing to say  
Why don't you stand in your own place  
Hey you never listen

I got money to buy you things  
But you threw them away  
Now your walking out to pay  
Hey you never listen

You don't ask why  
We'll never tell  
You'll stop to hear it  
Hey you never listen

That's why we stand,  
The gates of Hell  
We'll go down low  
Hey you never listen

I can talk all day  
I got nothing to say  
Why don't you stand in your own place  
Hey you never listen

I got money to buy you things  
But you threw them away  
Now your walking out to pay  
Hey you never listen

Oh yeah, you threw it all away  
Hey you never listen  
Hey you never listen

It's up to you  
You play your cool  
You never say it  
Hey you never listen

That's why we play  
That same old song  
You never hear it  
Hey you never listen

I can talk all day  
I got nothing to say  
Why don't you stand in your own place

Hey you never listen

I got money to buy you things  
But you threw them away  
Now your walking out to pay  
Hey you never listen

Oh yeah, you threw it all away  
Hey you never listen  
Hey you never listen! (3x)
