Blue Holiday

The Shirelles

It's been a blue holiday since you've been gone Oh my darling, won't you hurry, hurry home It's been a blue holiday I'm all alone You know I, I need your love to keep me warm I cry when I hear the chapel bells ring And sometimes I cry all through the night Please oh please come, come back to me And make my holiday bright It's been a blue holiday my heart's in pain My dear, I pray to have your love again

Blue blue blue blue holiday my heart's in pain My dear, I pray to have your love again I pray to have your love again It's been a blue blue holiday
