

Don't Go Home (my Little Darling)

The Shirelles

Don't go home, my little darlin'
Please don't leave the party yet
Don't go home, my little darlin'
Now that we have finally met
Can't you see I came to the party
'Cause I knew that you'd be here
Dance with me and stay at the party
So that I can hold you near

Don't go home, my little darlin'
Please don't leave the party yet
Don't go home, my little darlin'
Now that we have finally met
I have waited long for the party
'Cause I knew we'd finally met
When I saw you here at the party
Something made my world complete

Stay just a little bit longer
Please, just a little bit longer
Stay just a little bit longer
Please, just a little bit longer
Stay just a little bit longer
Please, just a little bit longer

[Repeat and fade...]

Don't go home, my little darlin'
Please don't leave the party yet
Don't go home, my little darlin'
Now that we have finally met
