

Diggin' My Own Grave

The Showdown

Whatever thrills you, takes your place*
Who's gonna kiss you, with no face?
Who tried to kill you, what's his name?
Look in the mirror, can't escape
Cause I'm diggin' my own grave
And I'm diggin' my own grave
Who's gonna miss you when you're gone?
Who's gonna dig you your grave?
Dig your grave
