

# Your Wife Don't Understand You

The Simpsons

You work all day  
For some old man  
Sweat and break your back (uh huh)  
Then you go back to your castle  
But your queen won't cut your slack (that's true)  
That's why you're losing all your hair  
That's why you're overweight (uh huh)  
That's why you kick your pick- up truck  
Right off the inner state (That's right! Except for the pick- u  
p truck)  
There's a lot of bull they hand you  
There's nothin' you can do  
Your wife don't understand you  
But I do  
Your wife don't understand you  
But I do  
No, no- one understands you but I do
