

Your Wife Don't Understand You

The Simpsons

You work all day
For some old man
Sweat and break your back (uh huh)
Then you go back to your castle
But your queen won't cut your slack (that's true)
That's why you're losing all your hair
That's why you're overweight (uh huh)
That's why you kick your pick- up truck
Right off the inner state (That's right! Except for the pick- u
p truck)
There's a lot of bull they hand you
There's nothin' you can do
Your wife don't understand you
But I do
Your wife don't understand you
But I do
No, no- one understands you but I do
