

Open Sound

The Skids

no one knows of what we mean
or understand of what we do
don't look for the easy tone
what we draw's a strict out view
open sound, open sound ,open sound, thats how we are
open sound, open sound, open sound, thats how we are
always willing if you try
take as much as you can get
then you'll think above yourself
do we ask to much of you
open sound, open sound ,open sound
thats how we are
open sound, open sound, open sound
thats how we are
are you just a slogan we thought
must you be tempted to excel
what we try is not for you
forgive us it aint nothing new
open sound, open sound ,open sound, thats how we are
open sound, open sound,open sound, thats how we are
open sound, open sound ,open sound, thats how we are
open sound, open sound,open sound, thats how we are
