

## Bo Evil

The Slackers

Bo evil, bo weevil  
Chewing out my good ear  
Bo weevil, you're evil  
You've got me living in fear  
For whenever I'm up [You're down]  
You bring me down

You see from my expression  
You're boring me half to death  
Hold nothing back, you're chomping at the bit  
To steal my last gasping breath  
For whenever I'm up [You're down]  
You bring me down

It's giving me the heebie-jeebies  
You've wormed your way under my skin  
Plucking away at my heart strings  
How did this ever begin

You just won't stop 'til you possess me  
You seem the conqueror worm  
A passion play between love and theft  
Attraction comes like a germ  
For whenever I'm up [You're down]  
You bring me down

It's giving me the heebie-jeebies  
You've wormed your way under my skin  
Plucking away at my heart strings  
How did this ever begin

Bo evil, bo weevil  
You know you're on my last nerve  
Bo weevil, deceitful  
Stuck in your web to be served

For whenever I'm up [You're down]  
For whenever I'm up [You're down]  
For whenever I'm up [You're down]  
You bring me down  
You bring me down  
You bring me down  
You bring me down
