

Easy

The Slackers

verybody wanna say too tough
'Cause every word I say, I say too rough
And every day I wanna give you love
Everybody wants to love someone

Better take easy
The ground is soft
Better step easy
You might be lost
Better step easy
Time is short

Everybody wants to sing some song
But nobody wants to say they're wrong
And I've done it, it just can't be helped
Before you love someone, please love yourself

Better take easy
The ground is soft
Better step easy
You might be lost
Better step easy
Time is short

Everybody wants to say it
They ain't (???) you play it
Even though they know they're not
You better be thankful...

Every day I (???) sleeping at all
A chance of love when every time I call
I tell myself that it just can't be helped
Before you love someone, please love yourself

Better take easy
The ground is soft
Better step easy
You might be lost
Better step easy
Time is short

Time is short
Better step easy
Ground is soft
You might be lost

Better take easy
The ground is soft
Better step easy
You might be lost
Better step easy
Time is short
