```
Every day is Sunday when you're unemployed
Hey, it sounds pretty good, man, I should be overjoyed
But when every day is Sunday
When every day is Sunday
When every day is Sunday
Friday never comes
Do you think I should write a novel, maybe write some
I'll show you how I'm the genius you thought I was all
along
But every day is Sunday
Every day is Sunday
Every day is Sunday
Friday never comes
I got...
Nothin' to do
Than to sit here...
Starin at you
And you got...
Nothin' to say
That I wanna hear
You got...
Nothin' to say
So I'm just...
Wastin' away
I guess I'll...
Go outside and do nothing
Every day is Sunday when you're unemployed
```

Every tomorrow's Monday x4
