I don't wanna live
Can you hear me?
I don't wanna live

I am _ in terror
Just an insect in fear
Just a noise up in here

You may be a number
Same as any other man
But one and one doesn't always make two
Count me in for your profit
Count me out at your peril
'Cause one and one doesn't always make two

Styles i've come accustomed to
And things you taught me in school
