

Keep Him Away

The Slackers

Keep him away from me
Keep him away from me
Keep him away from me
Is what she said and that was all

I knew her so briefly
I knew her so briefly
Keep him away from me
Is what she says and points at me

Well I don't know what it's sposed to mean
I took her out on Friday night
We had no quarrel, had no fight
I figure everything's alright

Woe is me
Woe is me
Keep him away from me
There's just no point to disagree

I knew her so briefly
I knew her so briefly
Keep him away from me
Is what she says and points at me

I see her old boyfriend come along
He's six foot three and mighty strong (Mr. Univese!)
He go and punch me in the eye
And I not understanding why

Woe is me
Woe is me
Keep him away from me
Keep him away from me
