Leave Me

The Slackers

Leave Me
I wanna be alone again
Leave Me
I wanna be on my own again
If you need me
It's only because you got me running instead
You try to bleed me with your treachery & your poison
man

I wanna look up in the sky now that I've opened up my
eyes
No more will i wonder
Never asking why (never asking why)

Leave Me
I wanna be alone again
Leave Me
I wanna be on my own again

I wanna look up at the sun & feel that I'm the only one
Never fall to pieces
Never come undone (never come undone)
I wanna look up at the sky now that I've opened up my
eyes
no more will i wonder
never asking why

You won't leave me
I wanna be alone again
Leave Me
I wanna be alone again
Leave Me
Leave Me
Leave Me
Leave Me
Leave Me
Leave Me
Leave Me
Leave Me
Leave Me
Leave Me
Leave Me
