

Old Days

The Slackers

Save a smile for me
Just a smile for me
Though you no longer love me

Save a smile for me
Just a smile for me
You put so much above me

All these things that I think
Though I'm seldom thinking of you

And I stare in my drink
And the world turns a soft golden hue
Its true

Do one thing for me
Just one thing for me
I'll ask nothing else of you

Save a smile for me
Just a smile for me
Some day you'll be lonely too

No, I know not the day
When our love slipped away
Never to return

But as day turns to night
Yeah I think that you're right
That I'll never, ever learn

So do one thing for me
Just one thing for me
I'll ask nothing else of you

Save a smile for me
Just a smile for me
Some day you'll be lonely too

Some day you'll be lonely too
Some day you'll be lonely
