

Sooner or Later

The Slackers

Well you can come 'round my home, mister
Well I don't mind
Call me up on the telephone, mister
Well I don't mind

But I've got...
Much more to do than to...
Bother with you. And I...
Ain't got no time for your
Violent little mind

Don't you know you can...
Push, push, push
I won't push you back
You try to get me and you might get capped
Somebody gonna shoot you down
Sooner or later
Sooner or later
Somebody get ya, Lord

Well you can, do what you want, I don't...
Care what you do. I got...
People to see, who don't...
Wanna see you

So if you...
Come 'round my block, you better...
You better watch your back. Because you...
You trouble with me, and some...
Somebody gonna get ya, Lord you can...

Well you can come 'round my home, mister
Well I don't mind
C-Call me up on the telephone, mister
Well I don't mind
