

Tool Shed

The Slackers

Living in a tool shed
Down by the river
I'm living in a tool shed
Down by the river
I'm living in a tool shed
Down by the river

I wasn't too concerned about what's going on
There wasn't no warning 'til the break of dawn
I wasn't really ready for what's coming on
And I don't think I like it

It wasn't my fault, didn't start no war
It wasn't my fault, economics poor
It wasn't nothing that I'm responsible for
And I don't think I like it

So I'm living in a tool shed
Down by the river
I'm living in a tool shed
And I think I kind of like it
I'm living in a tool shed
Down by the river
Living in a tool shed, down by the river
You know, I kind of like it

I wasn't gonna leave 'til a month ago
I wasn't gonna quit 'til the boss said go
I wasn't so broke 'til I had no dough
And I don't think I like it

I wasn't making trouble, wasn't outta line
I paid my money, I stayed my time
It ain't my choice, I don't like do crime
But I don't think I like it

And I'm living in a tool shed
Down by the river
Living in a tool shed
And I think I kind of like it
Living in a tool shed
Down by the river
Living in a tool shed, down by the river
You know, I kind of like it

It ain't nothing that you take insurance on
And after all the unemployment's gone
It ain't too long 'til you're moving on
And I don't think I like it
You can't get attention with your wallet low
You need a situation with the rent zero
You don't have to hear it from the landlord, though
So I think I like that

And I'm living in a tool shed
Down by the river
Living in a tool shed

And I think I kind of like it
You know, I'm living in a tool shed
Down by the river
Living in a tool shed, down by the river
You know, I kind of like it
Living in a tool shed, down by the river
You know, I kind of like it
Living in a tool shed, down by the river
