

Running Faster

The Sleeping

We've been begging for a better place
Frantically shaking in disgrace
We're all viciously fighting in every state
But now I'm leaving

We're all begging for a different way
Violently shaking from our mistakes
Still nobody's fighting to make a change
So now I'm leaving

Time's almost up
I know
We're all running faster
Running faster

We've been begging for a better place
Frantically shaking in disgrace
We're all viciously fighting in every state
But now I'm leaving

We're all begging for a different way
Violently shaking from our mistakes
Still nobody's fighting to make a change
So now I'm leaving
Falling back
Falling back without a hold
Ashamed to say we're falling back
Falling back without a hold

Time's almost up
I know
Begging
Shaking
Fighting
Leaving
