

Devil Was In My Yard

The Sleepy Jackson

The devil was in my yard, but the devil ain't in my yard no more

The devil was in my car. The devil ain't in my car no more

How long, long, girl?

How long?

How long, til you know that?

How long, long, girl?

How long?

How long?

The devil was in my yard, but the devil ain't in my yard no more

The devil was in my car

The devil ain't in my car no more

I'm going to make it

I'm going to make it, but whenever I break you I will not see you.
