

# Listen To Me Girl

The Smithereens

Listen to me, girl,  
I've been so lonely.  
Want you so bad, girl.  
I want you only.  
Listen, listen to me girl.

Listen to me, now.  
I'm thinking of you.  
Listen to my heart.  
I really love you.  
Listen, listen to me, girl.

Sometimes, I wonder just what she is doing,  
Wasting my time with her lies.  
I know that someday she'll drive me to ruin.  
She plays around while love dies.

Maybe tomorrow  
You'll see it my way.  
There'll be no sorrow,  
Only the bright day.  
Listen, listen to me, girl.  
Listen, listen to me, girl.  
Listen, listen to me, girl.  
Listen to me, girl.
