## **Only The Stones Remain**

The Soft Boys

Men were executed, women bled Meat and fish changed hands and children stayed up late Uh, huh Colored drums they displace the night There's a taxidermist looking for a fight But now he's gone, oh yeah Only the stones remain Girls were decked with flowers and violated while Boys spat juice from a, out of their fresh young bones Soldiers crossed their hearts and died, pretty girls turned col d inside But now they're gone, oh yeah Only the stones remain Oh they're gone, yeah Only the stones remain And the stones have forgotten them The stones have forgotten them They brake your body and drain the life out of it It sinks into the soil while the soul flies up into the air abo ve And when there's no more tears to cry There's nothing left to do but laugh State led collaborations collapse and cannabis evaporates, hone У Only the stones remain (Here they go) Oh yeah, only the stones remain Woah Now they're gone, oh yeah Only the stones remain Oh yeah, only the stones remain
