

Love Seat

The Softies

why are you sitting over there when I'm over here
in this great big chair
are you afraid of what I might say
that I like you and then you'd have to run away

you don't have to sit so far away from me
when there's this loveseat
'cause it's just me and it's meant for two
and there's a space for me and a space for you
and I think you're sweet

you could ride a bike or you could take a plane
would you get here faster, would you feel the same
I could draw you a map that gets you here today
but you're only twenty five feet away

you don't have to sit so far away from me
when there's this loveseat
'cause it's just me and it's meant for two
and there's a space for me and a space for you
and I think you're sweet

cherry red upholstery
it won't mean a thing until you sit next to me
la la la la la

you don't have to sit so far away from me
when there's this loveseat
'cause it's just me and it's meant for two
and there's a space for me and a space for you
and I think you're sweet
