

# No One At All

The Softies

side by side they're beautiful  
and yet I let them go  
now there's no one at all

make my bed and lie in it  
gleefully I will steal covers  
from no one at all

everyone knows unrequited  
love's the best way to stay alone

watch me chase the bad one  
yearning for the worst one  
laughing as I end up  
with no one at all
