

# You And Only You

The Softies

Your eyes are like poetry  
Your lips are so sugary  
You're all together wonderful to behold

I never thought that I would hear  
You say that I'm who you hold dear  
More than anyone else  
Or at least not in the same way

I've been thinking about you and only you

You are like the morning time  
Full of promise yet to find  
I'm dazzled every time I realize you're mine

I never thought that I would see  
The day that you would come to me  
And ask forgiveness  
For the time we let go by

I've been thinking of you and only you

Did you find a four leaf clover  
Did you hope that I'd come over  
Here I am and I might never leave again

I never thought that I would be  
So close to you that I could see  
The way your hair goes wavy  
When you wake up
