

# The Witch

The Sonics

Say there's a girl  
Who's new in town  
Well, you better watch out now  
Or she'll put you down  
'cause she's an evil chick  
Say she's the witch.

She got a long black hair  
And a big black car  
I know what you're thinking  
But you won't get far  
She gonna make you itch  
'cause she's the witch.

Well, she walks around late at night  
Among startled people sleepin' tight  
If you hear her knocking on your door  
You better sneakin' away

Now, you know the score  
'cause i set you straight  
Well, you better be careful  
Before it's too late  
She gonna make you itch  
'cause she's the witch

(Solo)

Well, she walks around late at night  
Among startled people sleepin' tight  
If you hear her knocking on your door  
You better sneakin' away

While you know you will  
Say don't you know  
And do you remember  
That i told you so  
Gonna do you in  
'cause she's the witch
