

Far beyond the days of Grace

The Sorrow

Never had intentions to feel the way I feel
But in these days of thunder
My nightmare is coming real
Am I a lifeless silhouette of me

And after midnight oblivion in my ruined fortress
Unleash the snakes of dawn

This is my life
(A fading light)
Thorn in my side
(I can't define)
I'm paralyzed
(When silence is killing me)
In vain my search for light goes on

A rising tide of chaos
My life is an endless fall
A trail of devastation
Prepare to kill them all

Never had intention to feel way I feel
But in these days of thunder
My nightmare is coming real
Am I a lifeless silhouette of me

This is my life
(A fading light)
Thorn in my side
(I can't define)
I'm paralyzed
(When silence is killing me)
I vain my search for light goes on
The stained blood on my hands
Will tell you the truth about me
The death of desire is the birth of a tragedy
